2020

New C series battery forklifts launch from 1.5 ton to 5.0 ton.

2018

Shandong Liugong Forklift new factory put into production.

2017

The new C series IC forklift and electric truck appear on the market.

2014

Liugong Forklift SKD factory was established in Argentina.

2013

Acquired Production of forklift exceed 10,000 units in one year.

2008

Liuzhou Liugong Forklift Co., Ltd. were founded.

2004

The first generation of Liugong 3 ton IC forklift was born.

2002

Shanghai Liugong Forklift Company was founded.

1975

Forklift output broke through one thousand, It is the first one industry company in China.

1971

The 1st 1 ton IC Forklift was born in Shanghai.

1958

Shanghai Huguang forklift (Former of Liugong forklift) was established.

ABOUT THE WORLD

LiuGong has experienced the boom times in the industry and also witnessed the most difficult periods and weathered the industry downturns. However, LiuGong never stops with technology innovation and quality improvement and has been leading innovation advancements in the industry.

GLOBAL EXPANSION

It makes good business sense to give operators the very best working environment. LiuGong's customer-driven design and quality focused engineering creates lasting value that deliver to your bottom line.

Attended the CeMAT exhibition in Hanover, Germany

LiuGong attended the Challenge guinness world records programme in China CCTV

Attended the ProMat in Chicago, USA

Attended the warehousing show in Delhi, India

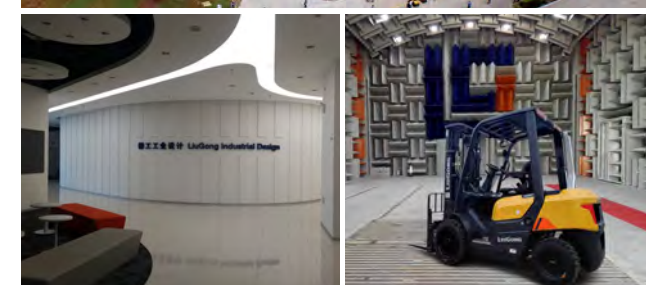

Attended the CeMAT show in Moscow, Russia

LiuGong sponsored the Motor Homes CT2000 Event in Buenos Aires,Argentina

R&D AND MANUFACTURING

The new Global Research & Development Center

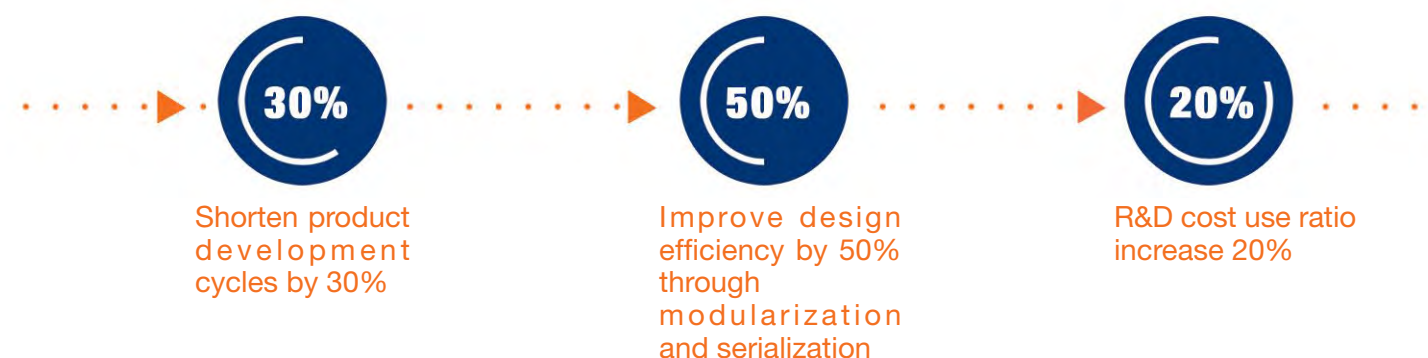

Forklift Welding,Assembly,Testing Lines

With Lean Production System line, automatic production to ensure product quality and production efficiency.

The implementation of the electrostatic powder spraying technology components, quality, emission reduction, consumption, film strength better than painting.

The track assembly trolley flexible assembly technology, low noise, low consumption, lean production, the assembly efficiency steadily.
